

TECHNICAL CIRCULAR No.11/05

TO: All PMDS/IMB Surveyors
FROM: Technical Department
SUBJECT: Tokyo Mou, PSC Concentrated Inspection Campaign in 2005
DATE: August 26, 2005.

Dear all Organization Members/Surveyors:

Considering the Circular notes from Panama and Belize Maritime Administrations informing about Tokyo Mou PSC Concentrated Inspection Campaign on Operational Requirements, attached for your easy reference in 2005, (CIC) from next 1st September 2005 and lasting 3 month, we kindly ask all of you to analyze and evaluate the content of the attached CIC Campaign.

Regardless the campaign to be enforced only on the Tokyo Mou Area, it would be a unique opportunity for everyone to exercise more precautions in the process of ship survey and certification in order to motivate all involved parties, crew, owner/operator, for improving the safety standards on their fleet and avoid unnecessary delays/detentions

We invite you to review the content of the technical information in this regard issued by NK as a guidance of preparedness, as well as to visit referred web page from KR about this CIC Campaign.

Best Regards,

A handwritten signature in blue ink, appearing to read 'Jose Delgado', is positioned above the printed name.

Jose Delgado
Technical Manager
